PUBLIC SCHOOL ATTENDANCE VERIFICATION

This information must be completed by the public school. In lieu of this form, a letter or copy from the school's student enrollment database providing the required data will also be accepted, as long as the information is provided by the public school or district office.

In the boxes below, provide the public school name, district, first and last day of school year, and the student's start and end dates of attendance for the current academic year (if currently enrolled in public school) and prior academic year. All dates must specify the month, day, and year. If the student attended more than one public school during the year, provide information for all public schools (a separate form for each school may be attached).

For a student to qualify for "Corporate/Low-Income" OR "PLUS" scholarship funding, this form verifies:

The student must have been enrolled in a public K-12 school as a **full-time student** for at least 90 days of the prior fiscal year (or equivalent of one full semester) and then transferred to a qualified private school.
